News Sheet

Our weekly News Sheet keep members, friends and visitors informed at EBC updated with news of forthcoming events, news items and other announcements. The format has remained similar to last year.

The digital (PDF) version of the News Sheet is published on our church website (and also on our App) as a vital link for those who are unable to attend church services and allows them to also keep up-to-date with events throughout the week and the dates of special meetings.

We continue to encourage members and friends to come forward with any items of news or any events that might be of interest to EBC for inclusion.

Website

No further progress has been made this year on the rebuild of the website www.eastwoodbaptist.org.uk and relies upon content to include into the structure and layout which has been completed. We are hopeful that when the content is available we will be able to launch the new site towards the end of this year.

Sermons are still available – as is all other relevant information on the current site, which is regularly updated. With the launch of the new site we hope to add video clips to give a better picture to visitors of life at EBC. We want the site to demonstrate God's love and confidently declare Jesus as the only Way of salvation and the only Saviour from sin. We will enhance certain features of the site including the sermon area and will add a new Members Only area. (All members will be equipped with the password.)

Our website remains a vital link with the fellowship to those who would like to, but are unable to, join with us at our normal services.
