

Holiday Club

Melanie Pike

Eastwood Towers was a huge success and saw us meeting in a castle! We saw lots of children and their families throughout the week and relationships were grown and built upon. We had a great time at the holiday club party on the 31st Oct where we played games and enjoyed a recap of the week!

The extended session on the Wednesday was fantastic and we had some great inflatables to play on!

Thank you again to all the leaders and young leaders that devote their time and energy to these children and getting to know them better. It is your love and commitment to them that shares God's love in practice.

Thank you also to Sam Bennett who goes above and beyond to help us build our sets for holiday club. He is not a member of our church, yet is very committed to helping us pull off our elaborate ideas and we really appreciate this.

We have an idea for holiday club 2019, however at this present time we are unsure if we will have enough adult leaders. If anyone would like to get involved (I promise you, you will have a great time!) please come and talk to me.
