

# **Pinocchio Parent & Toddler Group**

## **Shelagh Turner**

Another successful year has passed seeing some children off to school and others joining our group. Age holds no boundaries for those who attend from very young babies to 4-year olds, young mums and many grandparents.

It is good to see the development of all who come to Pinocchios whether it be the children socialising or mums making friends within the group. Sharon Turner (no relation) is now one of our group of volunteers.

Many thanks to all our dedicated volunteers who freely give so much time and care to our group, which also enables us to hold Summer Teddy Bears picnics and Christmas parties, with a gift from Father Christmas for each child.

We thank God for all His love in helping us run this popular group and the warmth that abides within these walls.
