

Prayer Partners

Iris Mircic

The Prayer Partners ministry began in July, 2015 and I am pleased to advise that, to date, it is still continuing. Participants can meet up where and when, and for how long. This not only enables people to pray but also to get to know one another more and enjoy fellowship together. (Confidentiality is, of course, of utmost importance). Key Prayer Items are included every session, which usually run for six weeks before a change of Partners is arranged for the next session. People can join at any time and would be very welcome.
