

# Tea Service

## Jo Hellenbrand

The Tea Service, held one Sunday afternoon a month, continues to be well received, with the older generation in mind although all ages are welcome. This is usually led by Jo where traditional hymns are sung, prayers are shared for those in our families and fellowship and the shorter service is concluded with sandwiches and cakes.

We use this service to chance to encourage the talents of the fellowship with a bespoke poem being written for every service and solos being sung at special services which, always move us to tears, especially at the carol service, with the children also doing the readings.

This has become a lovely time for fellowship to be shared with the added joy of the children of the church wanting to join in and help with the serving of the refreshments. We also plan to have communion served every 3 months this year. Our aim for the year is for everyone in the fellowship to feel loved and valued and part of the church family even if they can't always be at regular church services, and our priority, as always, remains prayer for each other.
